- **HTML/CSS+Sass**
- **Javascript**
- **MongoDB, PostgreSQL**
- **NodeJS, Express**
- **jQuery**
- **Python**
- **Django**
- **Git version control**
- **Bootstrap CSS, Materialize**

PROFILE

I'm a full-stack developer with a passion for frontend development. I successfully completed GA's **Software Engineering Immersive** program where I learned front and back-end development and the industry's most in-demand technologies. My background in fashion and real-estate marketing gives me a creative edge.

PROJECTS

MERN stack 'Untitled' Dashboard+Magazine

Responsive content-management CRUD SPA built with React, MongoDB, NodeJS and Express.

- Designed both back-end and front-end utilizing MongoDB and Bootstrap CSS
- Created AJAX API endpoints to fetch data based on user interactions
- Implemented JWT User Authentication, React Hooks, link-sharing and photo image-uploads via Cloudinary

TINTEREST (Python, Django, SQL)

Responsive Pinterest/Instagram-style app built with Django, Python, SQL, Materialize and AWS.

- Developed a social-media application where users can create, update and delete 'interest'-type posts, as well as save and comment on each other's posts
- Implemented photo-upload with AWS
- Utilized PostgresSQL database and Django Authentication

THRIFTD e-Commerce website (NodeJS/Express/MongoDB)

Depop/Shopify-style peer-to-peer shopping application built with NodeJS, Express, MongoDB

- Developed a RESTful MEN-stack CRUD application where users can post items for sale and purchase other user's items
- Implemented user's wishlist and comments for a social shopping experience
- Implemented Google Oauth 2.0 authentication, Imgur API for photo-uploads and no-SQL database

Piano, classical music, jazz, synthesizer, music theory+history, fashion, travel, art, cult movies, records, the 80's.

Classical Trivia (Javascript, HTML, CSS)

Browser-based trivia game with a Western Classical Music theme
- Developed a DOM game using vanilla Javascript, HTML and CSS with efficient win/lose logic
- Utilized Git for version control

WORK EXPERIENCE

Real Estate Web+Content Developer (freelance)

Sutton Group Realty Systems | Toronto | 2020- 2022

Created new construction pages on various third-party proprietary real estate websites (point2homes, incomm, web4realty). Created web pages for new construction projects using Wordpress. Delivered engaging content for promotion of real-estate listings and designed marketing materials for distribution across social media platforms.

Piano Teacher

Alla Breve Academy of Music/Private Practice | Toronto | 2013 - 2022

Piano performance and music theory instructor. One-on-one music teacher to kids as young as 4, teens and adults. Other duties included schedule coordination, examinations and administration.

Real Estate Sales Representative (part time)

Sutton Group Realty Systems | Toronto | 2010 - 2021

Worked as a downtown Toronto condo specialist helping clients buy, sell lease, and home stage condominiums, as well as managed tenanted properties for investors. Web and content management for my own real-estate marketing websites.

Fashion Showroom Assistant

OK-47 | Toronto | 2005 - 2006

Worked as an assistant to owner-designer of Toronto fashion label OK-47 in their Garment district showroom. Duties included inventory, showroom maintenance, working with samples, managing e-commerce orders and admin duties.
